

SVSF 2022-2023 Sponsorship

Presented by:
Snoqualmie Valley Schools Foundation

Celebrating Educational Excellence in the Snoqualmie Valley

Proposal for Sponsorship

Help us acknowledge and honor the
2022-2023 Educators of the Year and
celebrate the impact of our donors' gifts
in the Snoqualmie Valley School District.

Snoqualmie Valley Schools Foundation

The Snoqualmie Valley Schools Foundation is a volunteer-run 501c3 non-profit whose mission is to encourage excellence and assure opportunities in education for **every student, in every school, every day** in the Snoqualmie Valley School District.

How We Do It:

We support innovative teaching and address student supplementation needs through:

- Funding annually district-wide educational initiatives such as math and reading differentiation, professional development, fine arts and technology program support, as well as counselling and mental health presentations that support students and their families
- Encouraging innovative teaching and ideas through our Classroom Innovations Grant program
- Celebrating excellence in teaching through our community-nominated Educator of the Year Awards program
- Collaborating with community members, students, and businesses through programs such as AVID, the All-Girls Film Challenge mentorship support, Career Exploration Fridays in partnership with the Snoqualmie Valley Community Network, the Parent Partnership Homeschool Program and nurturing several student leaders as SVSF board liaisons.

Did You Know:

As our students returned to the classroom full-time, the Snoqualmie Valley Schools Foundation was ready to support the Snoqualmie Valley School District with almost \$90,000 in funding across district-wide initiatives and classroom grant programs. Thanks to generous donor support, we provided:

- \$20,000 for Science teacher coaching and support to increase alignment across programs in grades 6-12 and prepare for a curriculum adoption.
- \$17,522 for Classroom Innovation Grants to 16 recipients across the district.
- \$16,000 for Elementary STEM and Coding support and extension.
- \$15,000 for AVID professional development and instructional programming at the middle schools and high school.
- \$10,000 for a SPOT Vision Screener to allow for early intervention for learners with vision issues
- \$5,000 for LETRS early literacy training for teachers and reading specialists
- \$4,000 for hands-on artifacts and a virtual fieldtrips for 2nd and 4th Grade students studying Native American history in partnership with the Snoqualmie Tribe.
- \$2,000 for Seal of Bi-literacy certification testing opportunities for students with bilingual skills.

Sponsoring our event can help us raise funds to do even more in the Snoqualmie Valley School District. Your support will help reach every student, in every school in the district.
